Eye Loupe 10x with Glass Lens

Description :

Aven's 10x Eye Loupe for close inspection. Features a glass lens for crystal-clear viewing

Details :

10x Glass Lens Eye Loupe Magnifier

Inspect the finest details with confidence using this lightweight 10x Glass Lens Eye Loupe. Featuring a durable glass lens that delivers superior optical clarity and greater scratch resistance than acrylic lenses, this loupe provides crisp, distortion-free magnification for precision work.

Designed to rest comfortably in the eye socket, it allows for hands-free, close-up inspection while remaining lightweight enough for extended use.

Features

- Premium glass lens for enhanced clarity and durability
- Powerful 10x magnification for detailed inspection
- Lightweight, comfortable eye loupe design
- Crisp, distortion-free viewing

Ideal For

- Jewelers
- Watchmakers
- Photographers
- Printers
- Quality control inspectors
- Hobbyists and precision craftsmen
