

Aven Inc. – Proposition 65 Compliance Declaration

Company: Aven Inc.

Subject: California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act of 1986)

Document Type: General Product Compliance Statement

1. Overview

Aven Inc. is committed to full compliance with **California Proposition 65**, formally known as the *Safe Drinking Water and Toxic Enforcement Act of 1986*. This declaration summarizes our company's compliance approach and applies to all Aven products **unless a specific item is clearly identified as requiring a Proposition 65 warning**.

2. Company Compliance Statement

Aven Inc. maintains an active compliance program to evaluate materials, components, and manufacturing processes for the presence of chemicals listed under Proposition 65. Based on supplier certifications, material disclosures, and internal product reviews:

- **Aven Inc. complies with all requirements of Proposition 65.**
- **If any Aven product contains a chemical that requires a Proposition 65 warning, that product will be clearly labeled and documented accordingly.**

3. Product Applicability

Unless explicitly noted:

- **Aven products do not contain chemicals at levels requiring a Proposition 65 warning.**
- **Products that do require a warning will include the appropriate Proposition 65 label on packaging, documentation, or product pages.**

This ensures customers and distributors receive accurate and transparent information for any item where Proposition 65 applies.

4. Basis of Declaration

This compliance determination is based on:

- Supplier material declarations and certifications
- Review of the current Proposition 65 chemical list
- Engineering and materials analysis
- Ongoing monitoring of regulatory updates

Aven Inc. updates its compliance assessments as new information becomes available or as regulations change.

5. Authorized Company Statement

This declaration is provided in good faith and reflects Aven Inc.'s current understanding of its obligations under California Proposition 65. Updated declarations will be issued if product materials or regulatory requirements change.
